For over 20 years, Mile High Multilingual Services Inc. has been a trusted provider of linguistic solutions, empowering organizations across the United States to communicate with cultural competence that transcends basic translation and interpretation.

As a certified woman—and minority-owned firm, we are unwavering in our dedication to maintaining the highest standards of quality. Our consistent ability to deliver timely and cost-effective results ensures your peace of mind and confidence in our services.

Our highly skilled, professionally trained linguists bring years of expertise across various industries, including government, healthcare, education, business, legal, and more. We are committed to taking the extra step to ensure your organization thrives through our exceptional interpretation and translation services.

KEY DIFFERENTIATORS

TRANSLATION

Our translation service is more than just converting written text from one language to another. We ensure that the original meaning, tone, and context stay accurate, providing you with a translated document that reads as if it was originally written in the target language.

Our use of industry-standard CAT tools is a testament to our commitment to efficiency and consistency, especially in large projects with repetitive content. This process ensures your project is handled with the utmost care and attention to detail.

We offer machine translation services for clients who need quick, cost-effective solutions. However, a human-skilled translator reviews and edits every machine-translated document to ensure accuracy and fluency.

INTERPRETATION

It is a specialized service that facilitates oral communication between individuals who speak different languages. It involves a trained linguist "an interpreter" physically (on-site) or remotely (video or over the phone) present at a specific location to convey sign or spoken messages accurately.

INTERPRETATION SERVICES (Over 300 languages)

- On-site/ In-person Spoken and American Sign Language (ASL)
Video Remote Interpretation (VRI) Spoken languages: On-demand and pre-scheduled
American Sign Language (ASL): On-demand and pre-scheduled
Over-Phone-Interpretation (OPI) On-demand and pre-scheduled
Transcription Voice Over Localization Interpretation Equipment Training

Consistently Rated Outstanding by Our Customers

Mile High Multilingual Services, Inc. has built an outstanding reputation for delivering top-tier linguistic services, as reflected in our customer satisfaction surveys over the past twenty years.

Our unwavering commitment to quality and reliability has led to over 70% of our business being driven by repeat clients and word-of-mouth referrals.
